I cannot speak highly enough of Dimitry. Dimitry is a pleasure to have in the office, he is a diligent worker, a team player, an excellent designer and he is never afraid to voice his opinion. He is always looking for a way to improve both process and project work and willing to put in extra time when deadlines are hard and must be met.

— Mike ProcuK, Chief Experience Officer, CERTIFY Global

I witnessed firsthand Dimitry's ability to come into a chaotic team and use not only his design skills, but his managerial prowess to completely revamp and reorganize processes to streamline them for levels of efficiency I didn't think were possible. He is patient, flexible, open to collaboration, amenable to feedback, and a fantastic designer.

— Hunter Horton, Senior Marketing Coordinator, World Learning, Inc.

What continually impressed me about Dimitry was his speed, creativity and flexibility. He came to work engaged and ready to help, often assisting and mentoring younger designers and freelancers. I would strongly recommend Dimitry for any future positions. They would be lucky to have such a creative and intelligent designer on their team.

— Catherine Pages, Director, Product Design and UX, Gannett (formerly at CoStar Group)

Dimitry is a creative problem solver and strategic thinker. His technical skills and a broad range of experience make him a valuable member to any team. He is also completely and utterly hilarious.

— Aaron Hansen, Creative Services Manager, American Institute of Physics (formerly at Don Schaaf + Friends)

Smart. Creative. Engaged. Intuitive.

— Bill Thorne, Sr. Vice President, Communications & Public Affairs, National Retail Federation
